**OPPORTUNITY INTERNATIONAL CELEBRATES THE 2021 EUROPEAN  
MICROFINANCE AWARD TO FONKOZE**

CHICAGO, December 14, 2021 – [Fonkoze](#), the largest microfinance organization in Haiti, won the prestigious European Microfinance Award (EMA) for Inclusive Finance and Healthcare. More specifically, Fonkoze’s health program, Boutik Sante, was recognized for its innovative approach to addressing the many challenges faced by poor households throughout Haiti, including lack of access to healthcare and education. The award from the Directorate for Development Cooperation and Humanitarian Affairs of the Luxembourg Ministry of Foreign and European Affairs was presented at a ceremony attended by Her Royal Highness, the Grand Duchess of Luxembourg.

As part of its [collaboration](#) with Fonkoze, Opportunity International has been providing funding and technical assistance to support its empowering program for ultra-poor families, CLM. Currently, the two organizations are collaborating to develop an education financing product and to measure the impact of the microfinance operations.

Fonkoze was among three organizations shortlisted out of 43 to receive the 2021 European Microfinance Award, which focused on projects that promote access for vulnerable populations to high-quality healthcare at an affordable price.

“Our financial inclusion collaboration in Haiti is a powerful combination. Opportunity’s understanding of complex technology to manage operations, and Fonkoze’s collaborative approach are uniquely positioned to facilitate how global teams with aligned missions should work to help the communities around the world who need it the most,” said Atul Tandon, CEO, Opportunity International. “We applaud the announcement that our partner, Fonkoze, works to promote access for vulnerable communities, especially during the pandemic. This need for financial tools that are tailored to their specific needs is felt deeply by those who are in the hardest to reach communities, and every loan helps to make a tangible difference to their families.”
